

Form CRS Client Relationship Summary
American Financial Advisors, Inc.
February 17, 2023

Item 1 – Introduction: Is an investment advisory account right for you?

American Financial Advisors, Inc. is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ and that it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Item 2 – What investment services and advice can you provide me?

We offer investment advisory services to retail investors. Our principal services include financial planning and portfolio management services. As part of our standard portfolio management service we provide continuous and regular supervisory and/or management services with respect to your account(s). We do not monitor the investments made as a result of a financial plan unless you have hired us for portfolio management services. Our portfolio management services are offered on a *non-discretionary* basis. *Non-discretionary* arrangements require us to obtain your approval prior to executing any transactions on behalf of your account. We do not limit our advice to proprietary products, or a limited menu of products or types of investments. In general, we do not require a minimum to establish a relationship with us. However, our services are geared toward clients who are high net worth (i.e. clients with a net worth of \$1,000,000) as well as retirement accounts, trust accounts and private foundations.

For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A at the following link:

Conversation Starters. Ask your financial professional—

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Item 3 – What fees will I pay?

We are primarily compensated by a percentage of assets under our management, hourly fees and fixed fees. Our fees vary depending on the services you receive. Portfolio management fees are based upon a percentage of your assets under our management, and are payable each quarter in advance. As your assets increase, the more you may pay in fees. Therefore, we may have an incentive to encourage you to increase the assets in your account. We provide additional financial planning services for an hourly or fixed fee, negotiable depending upon the complexity and scope of the service, your financial situation, and your objectives.

For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A at the following link:
<https://adviserinfo.sec.gov/firm/brochure/108530>.

Description of Other Fees and Costs: The fees you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (e.g., mutual funds, exchange traded funds and unit investment trusts). These fees are described in each fund's prospectus and generally include management fees and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all fees charged by investment companies, broker-dealers, our firm, and others.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information, please refer to Item 5 of Form ADV Part 2A at the following link: <https://adviserinfo.sec.gov/firm/brochure/108530>.

Conversation Starter. Ask your financial professional—

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. Here are some examples to help you understand what this means:

- All investment advisers face conflicts of interest which are inherent in the business. Our primary source of compensation is through asset based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management. Other conflicts of interest across the industry result from other business activities we engage in and relationships we have with business partners and third parties, or affiliations we have established with other financial institutions.
- Product vendors recommended by American Financial Advisors may provide monetary and non-monetary assistance with client events, provide educational tools and resources. American Financial Advisors does not select products as a result of any monetary or non-monetary assistance. The selection of product is first and foremost. American Financial Advisors' due diligence of a product does not take into consideration any assistance it may receive.

Conversation Starter. Ask your financial professional—

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

Please refer to our Form ADV Part 2A for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/108530>.

How do your financial professionals make money?

Our financial professionals receive salary based compensation in addition to a portion of company revenue or a percentage of the portfolio management fee. Therefore, financial professionals may have an incentive to encourage you to increase the assets in your account.

Item 4 – Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have reportable legal and/or disciplinary history.

For a free, simple search tool to research us and our financial professionals please visit [Investor.gov/CRS](https://investor.gov/CRS).

Conversation Starter. Ask your financial professional—

- ❖ *As a financial professional, do you have any disciplinary history? For what type of conduct?*
